Index of Subjects

A

Actinobacillosis-Like Lesions in Cattle and Sheep, Isolations of Bacillus Subtilis from, 127.
Anaplasmosis, The Fowl Tick (Argas Persicus), a New Vector of, 73.
Anasarcous Lesions Observed in Natural Cases of Vitamin A Deficiency in Cattle, Histopathology of, 353.
Anatomical Study of Hermaphrodism in Goats, An, 333.
Animals, The Adequacy of Improved Stock Diets for Laboratory, 182.
Antigens and Their Diagnostic Value in Tuberculosis of Fowl, Mycobacterial Rapid Agglutination, 390.
Antitoxin in the Blood, Milk, and Colostrum of Cows, Staphylococcal, 265.
(Argas Persicus), a New Vector of Anaplasmosis, The Fowl Tick, 73.
Avian Neoplasia, The Diagnosis of, 382.

B

Bacillus Subtilis from Actinobacillosis-Like Lesions in Cattle and Sheep, Isolations of, 127.
Blood, Milk, and Colostrum of Cows, Staphylococcal Antitoxin in the, 265.
Blood Picture in Equine Influenza, The, 257.
Bovine Coccidiosis, An Experiment with Sulfaguanidine in the Treatment of Naturally Acquired, 150.
Bovine Coccidiosis, Sulfaguanidine Therapy in Experimental, 66.
Bovine Mammary Gland: I. The Effect of Novoxil, The Effect of Chemotherapeutic Agents on the Normal, 134.
Bovine Mastitis: I. Artificial Exposure of the Bovine Udder with Staphylococcus Aureus, Staphylococcal, 318.
Bovine Mastitis, Chemotherapy of Streptococcal, 344.
Bovine Pyelonephritis, The Pathology of, 240.
Bovine Udder and Its Secretion, The Effect of Brucella Abortus on the, 100.
Bovine Udder Infected with Mastitis Streptococci, Effect of Injections of Novoxil on the, 45.
Bovine Udder with Staphylococcus Aureus, Staphylococcal Bovine Mastitis: I. Artificial Exposure of the, 318.
Breeding Season in Goats and Possibilities of Modification of the Breeding Season with Gonadotropic Hormones, Observations on the Normal Estrous Cycle and, 360.
Brucella Abortus in the Milk, The Effect of Sulfapyridine on Cows Known to Eliminate, 276.
Brucella Abortus on the Bovine Udder and Its Secretion, The Effect of, 100.
Brucella Abortus Organisms Required to Infect Guinea Pigs and Cattle, Determination of the Number of, 155.
Brucellosis in Inbred Berkshire Swine, Inherited Resistance to, 387.
Brucellosis in Swine: I. The Interpretation of Low Titer Reactions in Experimental and Field Infections, 169.
Bulls by Experimental Exposure, Establishment of Infection with Trichomonas Foetus in, 61.
Bulls, The Distribution of Trichomonas Foetus In the Preputial Cavity of Infected, 143.
Bulls, Seasonal Variation in the Semen of, 115.

C

Calculi in Sheep, Urinary, 120.
Calf Scours and Pneumonia, Observations on the Use of Sulfonamides for, 374.
Cattle and Sheep, Isolations of Bacillus Subtilis from Actinobacillosis-Like Lesions in, 127.
Cattle, Determination of the Number of Brucella Abortus Organisms Required to Infect Guinea Pigs and, 155.
Cattle, Effects of Pituitary Gonadotropins on the Ovaries and the Induction of Superfecundity in, 76.
Cattle, Histopathology of Anasarcous Lesions Observed in Natural Cases of Vitamin A Deficiency in, 353.
Cattle, Some Clinical Aspects of Experimental Esophagostomiasis in, 211.
Chemotherapeutic Agents on the Normal Bovine Mammary Gland: I. The Effect of Novoxil, The Effect of, 134.
Chemotherapy of Streptococcal Bovine Mastitis, 344.
Chick Embryo Inoculated with Fowl-Pox Virus, Studies on Certain Filtrable Viruses: V. The Immunogenic Properties of the Entire, 250.
Chick Embryos by Intravenous Inoculation, Further Studies on the Propagation of Fowl Leucosis in, 287.
Chick Shipping Boxes with Sodium Silicate Solutions, The Disinfection of Baby, 95.
Chickens, The Propagation of a Virus in Embryonated Chicken Eggs Causing a Chronic Respiratory Disease of, 325.
Chickens to Cecal Coccidiosis, Sulfaguanidine as a Prophylactic During the Period of Acquirement of Resistance by, 50.

Chromatism of the Irides, Ocular Lymphomatosis, with Special Reference to, 294.
Clinical Aspects of Experimental Esophagostomiasis in Cattle, Some, 211.
Coccidiosis, An Experiment with Sulfaguanidine in the Treatment of Naturally Acquired Bovine, 150.
Coccidiosis, Sulfaguanidine as a Prophylactic During the Period of Acquirement of Resistance by Chickens to Cecal, 50.
Coccidiosis, Sulfaguanidine Therapy in Experimental Bovine, 66.
Colostrum of Cows, Staphylococcal Antitoxin in the Blood, Milk, and, 265.
Corrigenda, 14.
Coryza Bacillus, A Superior Medium for the Hemophilic Fowl, 32.
Cows Known to Eliminate Brucella Abortus in the Milk, The Effect of Sulfapyridine on, 276.
Cows, Staphylococcal Antitoxin in the Blood, Milk, and Colostrum of, 265.
Cross-Agglutination Studies Between Salmonella Pullorum and Other Microörganisms Isolated from Turkeys Positive to the Pullorum Test, 194.

D

Deficiency in Cattle, Histopathology of Anasarcous Lesions Observed in Natural Cases of Vitamin A, 353.
Deficiency Not the Cause of Joint Lesions in Horses, Vitamin A, 162.
Desiccation Under High Vacuum, The Preservation of Hog-Cholera Virus by, 270.
Diagnosis of Avian Neoplasia, The, 382.
Diagnostic Value in Tuberculosis of Fowl, Mycobacterial Rapid Agglutination Antigens and Their, 390.
Diets for Laboratory Animals, The Adequacy of Improved Stock, 182.
Disinfection of Baby Chick Shipping Boxes with Sodium Silicate Solutions, The, 95.
Distribution of Trichomonas Foetus in the Preputial Cavity of Infected Bulls, The, 143.

E

Enteritis in Swine, Sulfaguanidine in the Treatment of Infectious, 3.
Equine Influenza, The Blood Picture in, 257.
Equine Influenza, The Pathology of, 15.
Esophagostomiasis in Cattle, Some Clinical Aspects of Experimental, 211.
Estrous Cycle and Breeding Season in Goats and Possibilities of Modification of the Breeding Season with Gonadotropic Hormones, Observations on the Normal, 360.

F

Fowl Coryza Bacillus, A Superior Medium for the Hemophilic, 32.
Fowl Leucosis in Chick Embryos by Intravenous Inoculation, Further Studies on the Propagation of, 287.
Fowl, Mycobacterial Rapid Agglutination Antigens and Their Diagnostic Value in Tuberculosis of, 390.
Fowl-Pox Virus, Studies on Certain Filtrable Viruses: V. The Immunogenic Properties of the Entire Chick Embryo Inoculated with, 250.
Fowl Sarcoma, Strain 13, Experiments in Resistance to, 368.
Fowl Tick (Argas Persicus), a New Vector of Anaplasmosis, The, 73.

G

Goats, An Anatomical Study of Hermaphrodism in, 333.
Goats and Possibilities of Modification of the Breeding Season with Gonadotropic Hormones, Observations on the Normal Estrous Cycle and Breeding Season in, 360.
Gonadotropic Hormones, Observations on the Normal Estrous Cycle and Breeding Season in Goats and Possibilities of Modification of the Breeding Season with, 360.
Gonadotropins on the Ovaries and the Induction of Superfecundity in Cattle, Effects of Pituitary, 76.
Guinea Pigs and Cattle, Determination of the Number of Brucella Abortus Organisms Required to Infect, 155.
Guinea Pigs, Studies on Johne's Disease: Reactions to Johnin in Sensitized, 34.

H

Hermaphrodism in Goats, An Anatomical Study of, 333.
Histological Changes in the Retina of the Vitamin A Deficient Horse, 307.
Histopathology of Anasarcous Lesions Observed in Natural Cases of Vitamin A Deficiency in Cattle, 353.
Hog-Cholera Virus by Desiccation Under High Vacuum, The Preservation of, 270.
Hormones, Observations on the Normal Estrous Cycle and Breeding Season in Goats and Possibilities of Modification of the Breeding Season with Gonadotropic, 360.
Horse, The Effects of Various Intravenous Injections on the, 226.
Horse, Histological Changes in the Retina of the Vitamin A Deficient, 307.
Horses, Vitamin A Deficiency Not the Cause of Joint Lesions in, 162.
Hydrogen-Sulfide Poisoning, Studies of, 254.

I

Immunogenic Properties of the Entire Chick Embryo Inoculated with Fowl-Pox Virus, Studies on Certain Filtrable Viruses: V. The, 250.
Influenza, The Blood Picture in Equine, 257.
Influenza, The Pathology of Equine, 15.
Inherited Resistance to Brucellosis in Inbred Berkshire Swine, 387.
Injections on the Horse, The Effects of Various Intravenous, 226.
Irides, Ocular Lymphomatosis, with Special Reference to Chromatism of the, 294.

J

Johne's Disease: Reactions to Johnin in Sensitized Guinea Pigs, Studies on, 34.
Joint Lesions in Horses, Vitamin A Deficiency Not the Cause of, 162.

L

Laboratory Animals, The Adequacy of Improved Stock Diets for, 182.
Leucosis in Chick Embryos by Intravenous Inoculation, Further Studies on the Propagation of Fowl, 287.
Lymphomatosis, with Special Reference to Chromatism of the Irides, Ocular, 294.

M

Macracanthorhynchus Hirudinaceus, in Its Intermediate Host, Development of the Swine Thorn-Headed Worm, 173.
Mammary Gland: I. The Effect of Novoxil, The Effect of Chemotherapeutic Agents on the Normal Bovine, 134.
Mastitis: I. Artificial Exposure of the Bovine Udder with Staphylococcus Aureus, Staphylococcal Bovine, 318.
Mastitis, Chemotherapy of Streptococcal Bovine, 344.
Mastitis Streptococci, Effect of Injections of Novoxil on the Bovine Udder Infected with, 45.
Medium for the Hemophilic Fowl Coryza Bacillus, A Superior, 32.
Mice, Rabies Virus in, 317.
Milk, and Colostrum of Cows, Staphylococcal Antitoxin in the Blood, 265.
Milk, The Effect of Sulfapyridine on Cows Known to Eliminate Brucella Abortus in the, 276.
Mycobacterial Rapid Agglutination Antigens and Their Diagnostic Value in Tuberculosis of Fowl, 390.

N

Nematodes Parasitic in Domestic Sheep, Identification of Eggs of, 54.
Neoplasia, The Diagnosis of Avian, 382.
Novoxil, The Effect of Chemotherapeutic Agents on the Normal Bovine Mammary Gland: I. The Effect of, 134.
Novoxil on the Bovine Udder Infected with Mastitis Streptococci, Effect of Injections of, 45.

O

Ocular Lymphomatosis, with Special Reference to Chromatism of the Irides, 294.
Ovaries and the Induction of Superfecundity in Cattle, Effects of Pituitary Gonadotropins on the, 76.

P

Parasitic in Domestic Sheep, Identification of Eggs of Nematodes, 54.
Paratyphoid Infection in Quail, 190.
Pasteurella, Demonstration of Serological Types within the Nonhemolytic, 110.
Pituitary Gonadotropins on the Ovaries and the Induction of Superfecundity in Cattle, Effects of, 76.
Pneumonia, Observations on the Use of Sulfonamides for Calf Scours and, 374.
Poisoning, Studies of Hydrogen-Sulfide, 254.
Preputial Cavity of Infected Bulls, The Distribution of Trichomonas Foetus in the, 143.
Preservation of Hog-Cholera Virus by Desiccation Under High Vacuum, The, 270.
Pyelonephritis, The Pathology of Bovine, 240.

Q

Quail, Paratyphoid Infection in, 190.

R

Rabis Virus in Mice, 317.
Reference Style, Change in, 14.
Resistance to Brucellosis in Inbred Berkshire Swine, Inherited, 387.
Resistance to Fowl Sarcoma, Strain 13, Experiments in, 368.
Respiratory Disease of Chickens, The Propagation of a Virus in Embryonated Chicken Eggs Causing a Chronic, 325.
Retina of the Vitamin A Deficient Horse, Histological Changes in the, 307.

S

Salmonella Infections of Breeding Turkeys, 199.

Salmonella Pullorum and Other Microörganisms Isolated from Turkeys Positive to the Pullorum Test, Cross-Agglutination Studies Between, 194.
Sarcoma, Strain 13, Experiments in Resistance to Fowl, 368.
Scours and Pneumonia, Observations on the Use of Sulfonamides for Calf, 374.
Semen of Bulls, Seasonal Variation in, 115.
Serological Types within the Nonhemolytic Pasteurella, Demonstration of, 110.
Sheep, Identification of Eggs of Nematodes Parasitic in Domestic, 54.
Sheep, Isolations of Bacillus Subtilis from Actinobacillosis-Like Lesions in Cattle and, 127.
Sheep, Urinary Calculi in, 120.
Shipping Boxes with Sodium Silicate Solutions, The Disinfection of Baby Chick, 95.
Sodium Silicate Solutions, The Disinfection of Baby Chick Shipping Boxes with, 95.
Staphylococcal Antitoxin in the Blood, Milk, and Colostrum of Cows, 265.
Staphylococcal Bovine Mastitis: I. Artificial Exposure of the Bovine Udder with Staphylococcus Aureus, 318.
Streptococcal Bovine Mastitis, Chemotherapy of, 344.
Streptococci, Effect of Injections of Novoxil on the Bovine Udder Infected with Mastitis, 45.
Style, Change in Reference, 14.
Sulfaguanidine as a Prophylactic During the Period of Acquirement of Resistance by Chickens to Cecal Coccidiosis, 50.
Sulfaguanidine in the Treatment of Infectious Enteritis in Swine, 3.
Sulfaguanidine in the Treatment of Naturally Acquired Bovine Coccidiosis, An Experiment with, 150.
Sulfaguanidine Therapy in Experimental Bovine Coccidiosis, 66.
Sulfapyridine on Cows Known to Eliminate Brucella Abortus in the Milk, The Effect of, 276.
Sulfide Poisoning, Studies of Hydrogen-, 254.
Sulfonamides for Calf Scours and Pneumonia, Observations on the Use of, 374.
Superfecundity in Cattle, Effects of Pituitary Gonadotropins on the Ovaries and the Induction of, 76.
Swine, Inherited Resistance to Brucellosis in Inbred Berkshire, 387.
Swine: I. The Interpretation of Low Titer Reactions in Experimental and Field Infections, Brucellosis in, 169.
Swine, Sulfaguanidine in the Treatment of Infectious Enteritis in, 3.
Swine Thorn-Headed Worm, Macracanthorhynchus Hirudinaceus, in Its Intermediate Host, Development of the, 173.

T

Thorn-Headed Worm, Macracanthorhynchus Hirudinaceus, in Its Intermediate Host, Development of the Swine, 173.
Tick (Argas Persicus), a New Vector of Anaplasmosis, The Fowl, 73.
Titer Reactions in Experimental and Field Infections, Brucellosis in Swine: I. The Interpretation of Low, 169.
Trichomonas Foetus in Bulls by Experimental Exposure, Establishment of Infection with, 61.
Trichomonas Foetus in the Preputial Cavity of Infected Bulls, The Distribution of, 143.
Tuberculosis of Fowl, Mycobacterial Rapid Agglutination Antigens and Their Diagnostic Value in, 390.
Turkeys Positive to the Pullorum Test, Cross-Agglutination Studies Between Salmonella Pullorum and Other Microörganisms Isolated from, 194.
Turkeys, Salmonella Infections of Breeding, 199.

U

Udder and Its Secretion, The Effect of Brucella Abortus on the Bovine, 100.
Udder Infected with Mastitis Streptococci, Effect of Injections of Novoxil on the Bovine, 45.
Udder with Staphylococcus Aureus, Staphylococcal Bovine Mastitis: I. Artificial Exposure of the Bovine, 318.
Urinary Calculi in Sheep, 120.

V

Vacuum, The Preservation of Hog-Cholera Virus by Desiccation Under High, 270.
Variation in the Semen of Bulls, Seasonal, 115.
Vector of Anaplasmosis, The Fowl Tick (Argas Persicus), a New, 73.
Virus by Desiccation Under High Vacuum, The Preservation of Hog-Cholera, 270.
Virus in Embryonated Chicken Eggs Causing a Chronic Respiratory Disease of Chickens, The Propagation of a, 325.
Virus in Mice, Rabies, 317.
Viruses: V. The Immunogenic Properties of the Entire Chick Embryo Inoculated with Fowl-Pox Virus, Studies on Certain Filtrable, 250.
Vitamin A Deficiency in Cattle, Histopathology of Anasarcous Lesions Observed in Natural Cases of, 353.
Vitamin A Deficiency Not the Cause of Joint Lesions in Horses, 162.
Vitamin A Deficient Horse, Histological Changes in the Retina of the, 307.

Biology Library

Salmonella Pullorum and Other Microörganisms Isolated from Turkeys Positive to the Pullorum Test, Cross-Agglutination Studies Between, 194.
Sarcoma, Strain 13, Experiments in Resistance to Fowl, 368.
Scours and Pneumonia, Observations on the Use of Sulfonamides for Calf, 374.
Semen of Bulls, Seasonal Variation in, 115.
Serological Types within the Nonhemolytic Pasteurella, Demonstration of, 110.
Sheep, Identification of Eggs of Nematodes Parasitic in Domestic, 54.
